## AMF machine-stands

### AMF machine-stands

are standard build in steel St 37 solid, galvanize with blue chromatin. All machine-stands inclusive adjusting nut complete assembled.

The spindle are rotating running in bearings, regulation at the height within a great range.

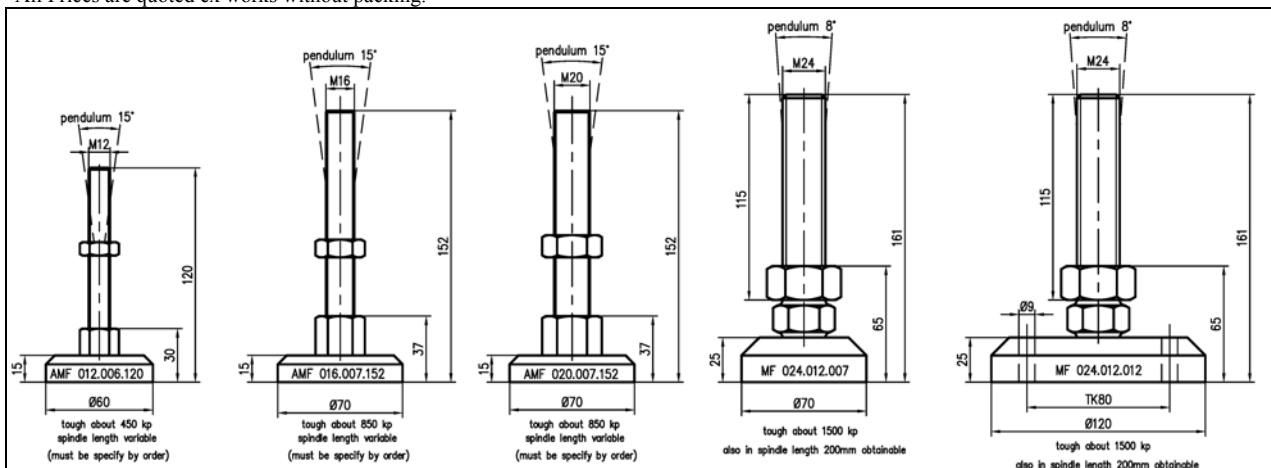

Thanks for the big pendulum range the compensation of ground bumps are very easy.

All machine-stands can also build with a NBR-rubber plate (ca. 15 mm).

type	thread	high	plateØ	Availability:		Extra change for NBR
